THE REVIEWS ARE IN!

"Thank you so much for making our night on Saturday. One of our guests assumed we'd got you from London as they were blown away by your talent. They couldn't believe you were home grown so to speak. Your energy and enthusiasm are so infectious and the quality of all your voices (especially your awesome lead singer) was spectacular. I'm running out of superlatives so I'll leave it there. Thank you again."

- Debbie Mitchell
